Advocacy Update

ASHHRA Advocacy Committee Report Quarter 1- 2012

The American Society for Healthcare Human Resources Administration (ASHHRA), a personal membership group of the American Hospital Association (AHA), recently announced the 2012 Advocacy Agenda and Hill Visit May 7-8, 2012.

Each year the Advocacy Committee visits Representatives and Senators in Washington, D.C., to present the ASHHRA position on key issues that pertain to the health care workforce at-large. In 2011, we had over 40 meetings, in which we offered practical expertise to our Washington D.C. leaders regarding issues that impact

our Hospitals and our workforces. Each committee member works to develop a relationship with legislators while we offer our unique view of healthcare as human resources practitioners.

In 2012 ASHHRA will pair our Hill Visit with the full AHA contingent at the AHA Annual Meeting. The Annual gathering will be comprised of comprises of learning, collaboration, and Hill Visits addressing issues that impact the health care industry. The focus of ASHHRA is just a piece of the health care legislative and regulatory puzzle.

This year the ASHHRA Advocacy Committee will be addressing the following topics:

<p>Stephanie Drake, Executive Director ASHHRA</p> <p>Michael Paruta, Advocacy Chair, Director of Workforce Development, Providence, RI Care New England Health System</p> <p>Carla Luggiero, Senior Associate Director of Federal Relations AHA</p>	<p>LEGISLATION:</p> <ul style="list-style-type: none">• Payment cuts as it relates to jobs and the impact on hiring qualified workers• Extension of the TRICARE exemption for OFCCP oversight and enforcement to include providers participating in health care plans for federal workers and other managed care reimbursement arrangements (Medicare C and D)• NLRB rules on union organizing, including changes to rule on appropriate bargaining units• OSHA and safe patient handling• Staffing ratios <p>REGULATIONS</p> <ul style="list-style-type: none">• EEOC / Background Checks – recruitment and hiring procedures reviewed• NLRB - Access to employers property and equipment (i.e. email)• “Persuader” reporting requirements from Office of Labor Management Standards (OLMS), a part of the Department of Labor (DOL)• Understand the DOL agenda and see where we can impact it
---	--

To also support the ASHHRA Advocacy agenda, ASHHRA will continue to offer quarterly webinars, the *Health Care Labor* and the *Semi-Annual Labor Activity* reports in conjunction with AHA and IRI Consultants.

If you are interested in learning more about the ASHHRA Advocacy efforts, feel free to email ashhra@aha.org or call 312-422-3720.

Chapter Management Award Program

Program Purpose

The ASHHRA Chapter Management Program is designed to assist you as a Chapter Leader in the efficient and effective management of your chapter. The manual is intended to serve as a resource guide and to highlight some of the activities that are trademarks of successful chapters.

To achieve this programs purpose, we suggest that you do the following:

- Assign members of your chapter leadership (e.g., committee chairpersons, committee members, etc.) various responsibilities for completion of the areas that are mentioned in this program. This will help to ensure that no one individual, including yourself, is overwhelmed by the many responsibilities of chapter management, and it will also assist you in the development of future chapter leaders in support of your chapter's leadership succession planning process.
- Identify available resources to assist you in the completion of your program (e.g. Regional Consultant, financial needs, other purchased services, etc.).

Establish specific target dates for completion, affording you enough time for compilation and submission to ASHHRA by the deadline date: **May 4, 2012.**
