

Patient Safety & Leadership Fellowship

Applications Now Being Accepted for the AHA 2009-2010 Patient Safety Leadership Fellowship

About the Fellowship: Improve safety. Build capacity. Get Results!

Learn how you can help raise the bar and stimulate performance improvements in your hospital. Nominate interested staff and colleagues from your organization for the 2009-2010 Patient Safety Leadership Fellowship.

Learning Objectives

Now in its eighth year, the Patient Safety Leadership Fellowship brings together remarkable individuals committed to understanding the challenges of patient safety and dedicated to transforming health care. Patient Safety Fellows explore in depth the business, cultural, and leadership implications for embracing cultures of safety. Through these leaders, hospitals and health care organizations can *create a culture of safety*, but also *reduce costs and improve quality of care*.

Who Should Apply

The program is best suited for seasoned practitioners looking for an advanced program to enhance their skills in leading safety efforts within their organization.

How to Apply

Applications will be accepted through March 16, 2009. To learn more about curriculum and requirements, visit www.ahaqualitycenter.org, or call (312) 422-2933.

Fellowship Partners

The Fellowship is co-sponsored by the American Hospital Association (AHA) and National Patient Safety Foundation (NPSF), in partnership with HRET, Health Forum, the American Organization of Nurse Executives (AONE), the American Society for Healthcare Risk Management (ASHRM), and the Society of Hospital Medicine (SHM).
