

March 11 – 17, 2012

Health
Care
HR
Week

The week of March 11 – 17, 2012 has been set aside to commend human resources professionals who work in hospitals and non-hospital organizations across the nation. They will be recognized for the daily issues they face in workforce, compensation and benefits, employee relations, health care reform, and wellness, etc. This is a week-long celebration and ASHHRA is encouraging everyone to get involved.
